

Laser Wheel Alignment Systems -- TL-12 Deluxe

TL-12 DELUXE

**USA-MADE PROTABLE
ALIGNMENT SOLUTION!**

The cost of ownership on the TL-12 can not be matched by any system on the market. Our unity will do everything a system of \$40K will do an more. We have no maintenance contracts. The TL-12 is completely portable and can handle any vehicle that rools up to your shop from small to large.

With the new TL-12 Deluxe package you have everything you need to do an alignment in your shop. the system works with 2 post, in ground and drive-on lifts. If your lifts are tied no worries just move the TL-12 to where you need it. If the vehicle is too large to fit in your shop do the alignment in the parking lot.

Our system is not sexy, no bells or whistles that just cost your more money. The TL-12 does the job. It can adapt to almost any wheel and align almost any configuration.

THE COMPLETE TL-12 SYSTEM INCLUDES:

- Front & Rear Stands
- Slip Plates & Turn Tables
- Radius Plates

MSRP \$7250

WE ARE ALL AMERICAN-MADE.
